

RAISE FUND TO LAUNCH STORES IN TRI-CITIES

Nucleus of Needed Sum Obtained Through Campaign—Tanner Will Report April 1.

At the regular meeting of the Tri-City Federation of Labor on April 1, D. R. Tanner, national organizer for the National Cooperative association, will make a report of the accomplishments of his speaking campaign in this community, which came to an end with his address at the Industrial hall in Moline last night.

In his talk before the federation he will report on the sentiment he has encountered here relative to the cooperative idea of establishing stores as the first step in bringing about a cooperative establishment of factories, banks and, in fact, the scheme of carrying the cooperative scheme into the very heart of commerce and finance.

Have Raised Money.
Mr. Tanner will also report on the amount of money that was raised during his campaign here. It is understood that a considerable sum was raised as a nucleus of the amount needed for the establishment of the first cooperative store in this community.

Mr. Tanner made his first address at the Turner hall in Davenport Wednesday night. Thursday night he spoke at the Rock Island Industrial hall. His speech in Moline last night rounded out the campaign, and hundreds of persons in the tri-city community are said to have been converted to the cooperative plan. When and where the first cooperative store will be established rests upon the recommendations to be made by Mr. Tanner to the federation April 1.

He is now in full charge of the local situation and the federation committee has delegated all of its powers to him.

Is Novel Scheme.
The new scheme is one that is claimed will bring about the lowering and stabilizing of prices. The first essential in this is claimed to be the obliteration of the profits of the middle man by a system which is said will bring the producer and the consumer together without any go-between.

The American Federation of Labor is backing the plan, and has frequently urged the local central labor body to inaugurate the plan here. The bringing of Mr. Tanner here, it was said, will eventually result in the slashing of prices in the tri-cities.

NO LOVE OR LAUGHTER IN CHAPLIN FAMILY

Mr. & Mrs. Chas. Chaplin.

Latest Photos of Mildred Harris Chaplin and Charles Chaplin. (N. E. A. Staff Special).

Los Angeles.—Sensational details of a love course that is rumored to have run far from smoothly from the very first are expected to be revealed in the domestic crisis of Charlie Chaplin and his wife Mildred Harris Chaplin which today seems to be heading swiftly toward the divorce courts.

Following charges by Mrs. Chaplin that her famous comedian husband had "failed to provide" for her, both she and Chaplin have issued through their attorneys a number of statements airing their troubles. These are taken to be the first skirmishes of a big legal battle pending.

To the movie world all this comes as no surprise, for they have long been speculation as to how long the Chaplin-Harris marriage would weather the storm. The romance is said to have been ill-starred from the start, a rumor that is amply borne out by the nature of the charges and counter charges now the chief topic of gossip at the movie colony.

Mrs. Chaplin's complaints against Charlie include a statement that

she was forced to go to work before she was physically able, had to buy her own clothing, that he gave her a second hand car and she had to buy a new one out of her own salary; that he deserted her and was cruel.

To which Charlie rejoins by producing canceled checks to the amount of \$50,000 which, he says, Mrs. Chaplin spent in addition to her salary of \$1,000 a week. To the charges that he deserted her and acted "cruelly" Chaplin makes no reply. So far it has been Mrs. Chaplin who has done most of the accusing, from which fact it is assumed that the proceedings will be initiated from that side of the family.

UNREST CAUSED BY THOUGHT OF WORLD PEOPLES

City Attorney J. K. Scott Tells Moline Club Mental Phase of World Condition.

City Attorney J. K. Scott of Rock Island made the principal address before the Moline Bluff Men's club in its regular meeting last night at the Congregational church, Twelfth street and Sixteenth avenue, Moline.

City Attorney Scott spoke on "Some Mental Phases of the Present World Unrest."

The speaker asserted that the spirit of unrest has fastened a grip upon every country of the world, and that the seeds of unrest have been sown in every class of citizenship.

He declared that the whole situation is nothing more than a mental condition of the peoples of the world. He asserted that there is too strong a tendency upon the

part of individuals to act selfishly, and to disregard the spirit of cooperation.

State of Mind is Cause.

"The unrest in this country, as well as in all other countries, has been brought about by the state of mind of the people," Mr. Scott said. Whatever a man thinks, that is what he will have. If he sends out selfish thoughts, they will act as a boomerang and he will be dealt with selfishly. There can be no doubt of this, and it is true that "what a man thinks, that he is."

This spirit of selfishness has become widespread, and has resulted in the present unrest, which, in a manner, is distrust of one man of the other. When a man thinks he is going to work for himself alone, he will find that just that is what he will have to do. No one will help him. When large numbers of people join in such decisions they force other people to take like action, which leads to a cessation of cooperation. Distrust follows; then unrest.

"The biggest factor in bringing about national unrest, of course, is the lack of confidence between the employer and the employee. Neither is as bad as the other thinks, and if cooperation can be brought about, each will find that the other has been laboring under false impressions and will cooperate to the limit only when the mutual distrust is wiped out. Neither must be selfish. If either side retains its selfishness the other side will also be made selfish. If one shows a disposition to cooperate, a spirit of cooperation will be instilled into the other. Every faction in the nation must pull for cooperation, and when selfishness is laid down for a plan of all for one and one for all, then the present period of unrest will pass."

AWAIT WORD OF BAKER TO MAKE LUNCHEON PLAN

Plans for the luncheon at the Rock Island club next Monday in honor of Secretary of War Baker have been deferred by the Chamber of Commerce as no word has yet been received from the secretary in regard to his coming to Rock Island, or willingness to accept the invitation.

An invitation was sent to him by the Chamber of Commerce early in the week in anticipation of his expected visit to the tri-cities which had been announced through press dispatches to occur on Monday. The Greater Davenport committee also wired Mr. Baker inviting him to be the guest of honor at a dinner at the Commercial club on Monday evening. They have received no reply.

The purpose of the visit of the secretary is an inspection of the arsenal. Colonel Harry B. Jordan, No. 72, located on Fifth avenue and yet been officially notified of the

visit. Word was sent out from Washington that the secretary would leave there today.

FALSE ALARM GETS FIREMEN'S "GOAT"

The Rock Island fire department received three calls last night, one of which was a false alarm, which caused the expression of indignation today. The firemen also called attention to the \$50 reward that is offered to the person who gives evidence leading to the arrest and conviction of any one turning in false fire alarms.

The first call received by the department was at 6:45 o'clock last evening to the home of William Stoner, 512 Eighth street. A member of the family was said to have gone into the attic in search of some article and to have dropped a match. The fire was extinguished before the firemen arrived.

The second call was received at 7 o'clock last evening to the home of Morris Gannon, 719 Twenty-ninth street. A small blaze in the cellar was extinguished without much loss. The fire is said to have started from hot ashes.

At 9:40 o'clock last night the firemen received the false alarm call, which was put in from box No. 72, located on Fifth avenue and Fortieth street.
